ONE DOLLAR AND FIFTY CENTS A YEAR IN ADVANCE

CONGRESSMAN ROBSON WANTS TO KNOW WHY?

While the miners of the United States are living from hand to mouth in a number of sections, the miners of Great Britain, in spite of bad strikes quite recently, are said to have coralled the coal trade of the West Indies and are even supplying Boston and New York. As will be seen from the following resolution, Congressman Robson wants to know why?

In the House of Representatives, Mr. Robson submitted the following resolution which was referred to the Committee on Rules and ordered to be printed:

RESOLVED, That the Committee on Mines and Mining of the House of Representatives, or any sub-committee of said committee to be appointed by it, be, and it is hereby, authorized and directed to investigate conditions prevailing in the coal-mining industries of the United States, with particular reference to the paralysis of this industry, the cause of Great Britain being able to ship her coal to the United States, and the destruction of the export coal trade of the United States; also with particular reference to the state of unemployment in said industry, destitution among the miners in this industry, and the condition of the workers in the said industry and to recommend remedial legislation based upon such investigation.

UNION BEATS SUE BENNETT

The Sue Bennett Bear Cats "out for meat," Saturday night found it so brawny and tough, they could not masticate it. The game was a good one with action enough to suit everybody but the score of 31 to 17 left a doubt as to whether Union's team did not use the tactics employed by bear catchers of digging a pit for the bear cats to fall into. It is one slick, smooth running team and hard to get away with.

INVESTS NEAR MUSCLE SHOALS

With his usual enterprise Guy L. Dickinson has closed a deal for an 80 acre tract of land close to the Wilson Dam, a part of the Muscle Shoals proposition. He writes that it is a wonderful enterprise. We congratulate Mr. Dickinson for getting in on the ground floor.

MABEL SAYS

"Hello, Mabel!"
"Wait a minute. Where're you all going in such a hurry and where have you been out this way?"

"Been! I'll say been! I went way out to Mandy's to see why she didn't send my wash home and what do you think? I found her taking care of three sick children that are down with the measles and whooping cough and I don't know what else! And there was my washing knocking around that dirty old shack not started yet. I gave her two dollars to buy some medicine for the sick children and told her to send the clothes back. I'll call up the laundry and have them done there. It's a heap more sanitary anyway and I guess I'll have them call regularly after this. I hate to quit poor old Mandy—but when I think of that lazy old man of hers lying around doing nothing half the time, and the way she treated me last Fair time! Why, she went to the Fair all week and never touched my washing—it just makes me boil!—But I must hurry along. Good-bye."
"Good-bye, Mabel!"

WORLD FAMED TENOR TO BE AT LYNCH

The Croatin Club of Lynch, Ky., an organization composed of the best of the foreign populace, has made arrangements thru the International Concert Directors of New York City for a concert in the theatre at Lynch on the night of February 22nd by Signor Tino Pattiera, a tenor singer from the province of Dalmatia in Jugo-Slavia, who has just recently acquired international fame. Signor Pattiera, following his initial appearance before an audience in New York, received the greatest ovation from the New York Press and the musical circles in operatic circles of any young tenor singer that ever crossed the ocean and he is acclaimed by all a most worthy successor to Caruso.

The appearance of so noted a singer in the mining town of Lynch is wondered at and was arranged for only following the persistent efforts of the Croatin Club, and in compliance with requests of his own people—people from his own country, who are ardent admirers and very proud of his accomplishments. This is to be indeed a rare musical treat for the people not only of Lynch, but also of the surrounding towns and one that musical people should avail themselves of.

Signor Pattiera is now a member of the Chicago Grand Opera and February 22nd, the date of his appearance at Lynch, is the only date that he is available for a concert engagement outside the large cities during the next two years. Reservations may be had by addressing the Croatin Club, L-Box 97, Lynch Mines, Kentucky. 16-t

There will be no preaching service at the Christian Church on Sunday on account of the absence of the minister, Rev. A. A. Ford.

Can't Satisfy Everybody

If you spend your money freely people will condemn you as a spendthrift and insist that you really ought to save more. If you are saving and do not spend your money freely they will soon brand you as a "tight-wad."

You can't please them all. Financially, it is up to you to manage your own affairs. Spend enough to supply all reasonable needs, and lay aside a fair amount and deposit it in a good, trustworthy bank like ours as a safeguard against a rainy day. That's our advice.
